

# Riverwalk BINGO #2

## Get 5 in a Row to WIN Fremont County Fun Facts

1. Fossils were discovered in 1878 near Cañon City.  
Ancient remains are still protected at Garden Park Fossil Area.
2. One Dinosaur was a Brontosaurus, although it was mislabeled for years.  
Another was the Apatosaurus. Stegosaurus and Tyrannosaurus.  
The Brontosaurus specimen had the wrong head assigned to it for years because two paleontologists fought for years over the findings!
3. The Garden Park Fossil Area is about 6 miles north of Cañon City along the Gold Belt Scenic Byway. The Royal Gorge Museum is a great place to learn more!
